Re: New coastal house, Sullivan's Island - intro from Marisol Tran — 2618 Atlantic Ave, FL (TNSE Project 26001)

Dear Owen,

True North Structural Engineering, LLC (TNSE) is pleased to submit this proposal to provide structural engineering services for the project described below.

1. PROJECT UNDERSTANDING

Attachments: SDS_Atlantic_CD50_2026-07-14.pdf (22.4 MB), Atlantic_survey_2026-05.pdf (2.2 MB) Marisol Tran over at Palmetto Line gave me your name. She says you are the person to call for piles and high wind, and that you do not make her cry at permit time. I'm Owen Pruitt, I run Saltmarsh Design Studio, a one-man shop in Mount Pleasant, mostly coastal residential. We have not worked together before. The project is a new house at 2618 Atlantic Ave, Sullivan's Island. VE zone, BFE 14, and the Town wants two feet of freeboard on top of that. About 3,400 SF, two stories, wood framed, sitting on timber piles with grade beams and pile caps. The ground level is breakaway walls and parking.

Project type: Other · Approximate area: 3,400 SF · Schedule: Expedited

2. SCOPE OF SERVICES

TNSE will provide the following design services:

1. Structural Drawings

3. DELIVERABLES & SCHEDULE

Submittals will be issued at the following milestones:

Milestone	Target Date	Billing	Amount
100% Construction Documents	November 30, 2026	100%	$3,750
Design fee		**100%**	**$3,750**

Target dates assume timely receipt of required client information and are subject to review-cycle durations outside TNSE's control.

4. FEE

Service	Basis	Fee
Structural Drawings	Lump sum	$3,750
Total		**$3,750**

Fee reflects the expedited schedule requested.

5. ADDITIONAL SERVICES

Services beyond the scope above will be performed with prior authorization at the following hourly rates:

Classification	Rate
Professional Engineer	$125/hr
Engineer Intern (EI)	$95/hr
Drafting / BIM	$75/hr
Administrative	$55/hr

6. ASSUMPTIONS

- Architectural drawings and a geotechnical report (where required) will be furnished by the client.
- Design will be in accordance with the governing edition of the Florida Building Code and referenced standards, unless otherwise noted.
- One round of minor revisions in response to building department comments is included.

7. EXCLUSIONS

- Civil, MEP, architectural, and geotechnical engineering.
- Delegated design of components by others (e.g., trusses, pre-engineered metal building systems), unless listed in the scope.
- Changes in scope after a milestone has been issued; these will be billed as additional services.

8. TERMS

- Invoices are issued at each milestone and for add-on services as performed; payment is due within 30 days.
- Additional services beyond this scope will be performed on an hourly basis at the rates listed, with prior authorization.
- This proposal is valid for the period stated above. Work begins upon receipt of signed acceptance.

We appreciate the opportunity to work with you. To authorize these services, please sign below and return a copy to TNSE.
